

2023 Historical / 2024 Prospective Product Mix

This table provides *Second Nature's* renewable resource mix in 2023, as well as the 2024 projected resource mix*

| 2023 Historic | | | 2024 Prospective | | |
|---------------|---------|---------------------|------------------|--|---------------------|
| | | Generation Location | | | Generation Location |
| Wind | 99.99% | Iowa | 99.98% | | Iowa |
| Solar | 0.01% | Iowa | 0.02% | | Iowa |
| Wind | 100.00% | Wisconsin | 100.00% | | Wisconsin |

*2024 prospective figures reflect the renewables that we have contracted to provide. Actual figures may vary according to resource availability. Historic figures reflect the power purchased on behalf of Second Nature's participants in 2023. A third-party verifies annually that all electricity purchased on behalf of Second Nature participants comes from qualified renewable resources.
